

## GREG TURNER

Principal, Engineering & ICT Team, Designs Team  
Sydney, Australia

Email: [greg.turner@spruson.com](mailto:greg.turner@spruson.com)

Greg Turner leads the firm's mechanical patent group with more than 30 years' experience in the practice. Greg specialises in patents and registered designs across a broad scope of mechanical technologies.

Working as a professional engineer prior to joining the firm, Greg was involved in the evaluation, testing and modification of vehicles, particularly heavy army vehicles. His industry experience also incorporates the maintenance and modification of aircraft.

Greg holds a Bachelor of Engineering in Mechanical Engineering. Greg became a Principal of the firm in 1985 and regularly speaks at client seminars and industry conferences on patentability issues in the field of mechanical engineering.
